

Access Control

Bri-Tech offers complete solutions to Access Control which can be fully integrated with subsystems.

- Employee-by-employee, door-by-door control.
- Computerized audit trail provides complete information.
- Photo badges with internal proximity chips can be affixed to assets for control of laptops and other expensive components.
- System interfaces with other Bri-Tech controls such as Fire Alarm, Security and CCTV.
- Expandable from one door to hundreds of doors.
- Parking Gate and Fence Gate Control.
- Badging services available without electronics.
- Network Compatible (Novel and NT) for large corporate WAN applications.
- Installation and software support by Bri-Tech's own trained staff.

Bri-Tech maintains outstanding capabilities. Our technicians are trained and certified and have provided 24-hour support for thousands of security systems we've installed over the past decade. Our true strength is our staff, whose rock-solid installations insure years of reliability and protection. When you're thinking security, flexibility and dependability, think Bri-Tech.
