WINDOWS TO THE WORLD™

Windows to the World™ transforms any room or establishment into anywhere you want to be. Physical props and video mapping change existing architecture into new environments. This stunning visual depiction is accompanied by breezes, sounds, smells and other sensations that are endemic to the virtual location, and can be changed for different virtual environments.

THE ADVANTAGES OF WINDOWS TO THE WORLD

- Installation in as little as 1 week.
- Brand new, unseen technology
- Change the dynamic of your establishment regularly without huge costs
- Endless opportunities for custom content and video
- One-time installation with minimal disruption
